Single sided semi-automatic laminating machine.

SFML-520

Supplied By **press products**

The SFML-520 is a small, compact, semi-automatic laminating machine. This machine is cost effective and energy efficient and its user friendly design means that the machine can easily be operated by one person.

Features

1. The user friendly interface with colour touchscreen simplifies operation.
2. A pneumatic pressurizing system provides consistent roller pressure which can be adjusted as required.
3. A film slitter comes standard with this machine, allowing for film to be cut to custom sizes when required.
4. The pneumatic separating system automatically separates the laminated sheets as required.

Configuration

Model	SFML-520
